**SLIPPING OUT...** The world's had its eye on Paul and Ashley - but not so close a view as SN's paparazzi. You'll agree that our man's expenses bill for the mountain of crisps he got through to bring you these shots of their eloping was worth every centime. Paul, sneaking Paul Smith-shod away from their love nest in a Thierry Mugler T-shirt, Jil Sander pants and a Moschino chain thinks his H&M sunglasses will shield the afterglow. Ashley's oldest-trick-in-the book of leaving five minutes later in Chanel shades won't stop us from checking her Trussardi top, Miu Miu shorts and Thierry Mugler shoes, or her Moschino wristband - a lover's gift perhaps?

**SPEED KING...** Even Paul's nippy Porsche can't give our boys' motorbikes the slip. He looks every inch the playboy in his Ralph Lauren shirt and pants, Westwood jewellery and Premiata shoes. No wonder Ashley is making an effort for him - like women should - in her Givenchy skirt and shoes, and Thierry Mugler top.

**NAUTICAL BUT NICE...** Paul cops a sly feel of Ashley in her Trussardi swimsuit. Meanwhile, Ashley can't keep her hands off Paul's buns of steel - especially in his D&G grippers.

**SO IN LOVE...** Paul grabs a sly kiss on the terrace. Just look at that detail - you can almost smell her Huit bathing suit hidden beneath that Miu Miu shirt, and retch over the couple's matching Antik Batik sarongs. Paul's Helmut Lang shirt, Trussardi trunks, Seiko watch and DKNY shoes epitomise his brilliant life, and demonstrate how mundane our own existences are in comparison.
